

CORPORATE TEAM BUILDING

Looking for a fun, creative team activity that showcases individual talents and creativity for the greater good of the group? We've got a just the thing.

With our Flower Bar, your team members will each take a flower vase and hand pick flowers from our flower shop to create their own floral masterpiece. These individual masterpieces can then be massed together to show the strength and beauty that an entire team has when they come together as one. This is a great activity to do before or during a meeting as the end result can be used as décor for an event. It is breathtaking to see how everyone's talents contribute to an overall result.

WHAT TO EXPECT We bring a complete flower bar to your location. We set up a flower shop with a beautiful variety of colorful flowers, vases, tools and provide some hand-on instruction along the way. Your team members "shop" for colorful flowers and vessels using their own creativity to make a mini flower arrangement. Individual flower arrangements are then massed together for a stunning end result!

.....
COST PER PERSON \$25 per person plus an event fee starting at \$300, depending the number of team players at your event.
.....

As the owner and creative director of Mindy Rosenberg Design, Mindy composes stunning floral décor for weddings and events all over the SF Bay Area. Her search for natural beauty led her from designing nature-inspired jewelry to styling flowers. Her work has been featured at Bouquets-to-Arts at the DeYoung Museum in San Francisco, Filoli, The Hillsborough Kitchen Tour.
